

## June Club Meeting

During the summer months a paddle is offered to replace the RICKA monthly meeting. We do not have a "meeting" on this evening, just an enjoyable paddle suitable for everyone.

**June 21 "Meeting on the Water" paddle at Valley Falls (Lonsdale) Marsh, Cumberland, RI**

**A very scenic paddle for paddlers of all abilities. Enjoy the scenic marsh and a paddle up the Blackstone to the Pratt Dam.**

The Lonsdale Marsh is the largest fresh-water marsh in Rhode Island and was created by the Valley Falls Dam. The marsh is an important stopping point for migrating birds on one of the great northeast flyways, and each spring several species of waterfowl use the marsh for their nesting grounds.

Meet at 6:00 at Central Falls Landing. Launching at 6:30. Trip organizer: A.J. Barbato android2@earthlink.net or 401-678-6620.

GPS Coordinates: N41 53.907 W071 23.392

### Directions from Worcester

Take Route 146 South onto Rhode Island. Take 295 North to Route 114 South (Exit 11). Take Route 114 south, this road is also called High Street. Turn right on Mill Street and drive down to Broad Street. Town Hall Cumberland will be on your right. Turn left onto Broad Street and cross the bridge into Central Falls. Take first right onto Maderia Ave. Docks immediately on right.

### Directions from Providence

Take Route 146 North to Route 116. Take 116 North over the Ashton Viaduct to Mendon Road (Route 122). Turn right and head south along 122. At the Stop & Shop on your right, turn left at the next light onto Ann & Hope Way. Drive up the hill over the P&W tracks and past Ann and Hope. Turn right onto Broad Street. Take Broad street south and watch for the Cumberland town hall on your left (a Big Brick Building with yellow capped tower) - cross bridge into Central Falls. Take first right onto Maderia Ave. Docks immediately on right.

## 2nd Annual

## RICKA Family Picnic & Barbecue

**Date: Sunday July 25, 2010**

**Location:** The Pavilion at Ft. Getty in Jamestown (for directions see below)

**Time:** We have the Pavilion from 8 am to 4 pm

**Paddles:** There will be both flat water and sea kayaking paddles leaving from Ft. Getty. Check the flat water and sea kayaking bulletin boards and calendars for details.

# Let's Go Green With The Paddler

Over the last decade there have been many changes in the world and many of them have impacted RICKA. For example, 10 years ago the only options available to receive the newsletter were standard mail (formerly known as bulk rate) or first class mail. Postage has been a large cost to RICKA over the years and each postage increase has affected us. The last increase in dues, several years ago, was to cover the postage increase,

and we've had several more postage increases since then. To offset these increases, at one point we were charging an additional \$5.00 for those members who elected to receive the newsletter via First Class Mail.

Today the majority of our newsletters are delivered electronically via email. This change has been good for RICKA in a many ways. Obviously, it saves us a lot of money on postage. Each member that switches to email saves us almost \$3.00 just in postage a year. Add to that the cost of paper, envelopes, ink, printing, copying, etc. and the savings almost doubles. It also is much better for the environment. Think Green! Many other clubs and organizations only offer an email newsletter at this point.

It also saves the executive board a lot of work and time. There are over 300 newsletters that we do not have to collate, staple, fold, stuff and seal into envelopes. Anyone that has ever prepared a large mailing understands what I'm talking about. It is a lot of work.

There is however, one drawback to the increase in electronic delivery. As fewer newsletters are sent by standard (bulk) mail, we will soon lose our standard mail discount. It looks like first class mail or email

will soon be the only choices, and we may have to start charging for first class mail delivery again to offset the ever-increasing costs.

So we would like to encourage you to switch to email delivery. There are some other advantages to members. You can now get the Paddler sent to two email addresses, so you and your significant other can both receive a copy or you can get one copy at work and one at home. You can also read the newsletter anywhere you have access to your email.

On a related topic, anyone joining or renewing their membership since April may have noticed some minor changes in the printing of the welcome/renewal letter and membership cards. If you listed two names on the membership application, each name appears on a separate line in the letter and there will also be two membership cards. This was one of the most asked for items over the last few years. Another change that was put in earlier was the second email address which allows members to get that second email for the Paddler.

Still another request was to laminate the membership card so they could be carried on trips. So we now laminate the card, and have increased the size of your name so you can use it as a badge. The back side of the card shows the membership address with guaranteed return postage, so if someone finds it, all they have to do is drop it in a mailbox and it will be returned to us. There is also a reminder to wear you PFD.

We hope you like these changes, and welcome any additional ideas you may have.

*Jim Cole, Membership Chair*

## EXECUTIVE BOARD

**Next meeting: Wednesday, June 30, 2010, 7 pm**

**70 Scott Street, Pawtucket**

**All members are welcome to attend.**

*The PADDLER is published monthly except December by the Rhode Island Canoe & Kayak Association, Inc. It is mailed from Providence the day after the last Wednesday of the month. It is not available by subscription, but is included in the cost of membership in the Association.*

## FROM THE EDITOR

Now that I've got the sixth issue of The Paddler (almost) under my belt, I'm beginning to lift my head above what seemed like the overwhelming flood of layout and formatting challenges, and to think about how The Paddler can be improved.

The first thing that comes to mind is that while I get an awful lot of input and material from a few people, it would be great to hear from more of you:

- Do you have some great photos you'd like to share? (as you can see at left, I'm scraping the bottom of the barrel)
- How telling the rest of us about a favorite paddling trip or locale?
- Do you have strong feelings one way or another about a particular boat, paddle, or other piece of gear?
- How about a recent (or not so recent) Paddling Moment that stands out in your memory?
- Do you have a question or an opinion about a particular paddling stroke or technique?

Chances are, there are a lot of other folks out there who would enjoy hearing from you, looking at your photos, or who maybe have an answer to a question that's been bugging you for the longest time.

This is your club and your newsletter – don't be shy!

See you on the water, Cat Radcliffe
